CBSE 71.2%

Stream

- Science(PCM)

Secondary Stage Bridgeford School

04/2016 - 04/2017

CBSE 10 CGPA

PERSONAL PROJECTS

Voice Assistant (JARVIS) (03/2021 - 06/2021)

- Motivation : I was always fascinated by the way voice assistant like Siri and Alexa worked and so decided to develop one of my own.
- Details : The project is a GUI based desktop voice assistant made in Python language. I have explored unique libraries and have inculcated their features.
- Future modifications : I am adding and updating new features in it time-to-time. I am looking forward of making this project AI based hence a step forward from Narrow AI to General AI.
